# Perc/DF-2000™ (HFHC) Low VOC Basic Stain Removal Chart

This chart is intended for basic stain removal only. For more detailed product information, please visit us at [www.4streets.com](http://www.4streets.com) or call 1-800-4STREET.

Before using any chemical product, read the product's Use Instructions and Material Safety Data Sheets carefully. Users are responsible for complying with federal, state and local regulations regarding the use, handling and disposal of these products.

Please Note: If unsure of colorfastness, test garments in an unexposed area before beginning stain removal. Avoid scrubbing or other harsh mechanical action.

All ingredients are biodegradable. Contains no halogenated compounds. Designed to comply with California 2013 VOC regulations.

## \*How to Level Wet-Side Stains

On the wet side, it is important to even out (level) moisture to help prevent spotting rings and fabric damage. To level:

1. After fabric has been rinsed and air-dried apply **MultiSPOT**® or **SPOTLess**® liberally to the areas.
2. Lightly tamp the wet area, including fabric area just outside of the ring.
3. Do not flush, rinse or dry.
4. Continue with drycleaning process.
